

Welcome to the CELLBANKER Free Sample Campaign site!

Celebrating Our New Website Launch with a Special Offer

To mark the launch of our newly redesigned website, we are thrilled to introduce a special campaign exclusively for researchers, scientists, and innovators like you! Experience the reliability and versatility of CELLBANKER, Japan's leading cell cryopreservation solution, through this exclusive free sample offer.

What is CELLBANKER?

CELLBANKER is a series of cell cryopreservation media, widely used in various research and pharmaceutical applications. With over 30 years of expertise, CELLBANKER is designed to simplify workflows, improve results, and provide tailored solutions for a wide range of cells and tissues.

Why Choose CELLBANKER?

- Exceptional Versatility: Designed for routine research to GMP-grade applications.
- Recognized Quality: Achieve high cell viability after thawing.
- Hassle-Free: Ready-to-use solutions—no need for DMSO or tedious dilution steps.
- Quality: Preferred by researchers globally for its consistency and reliability.

Campaign Product

The free sample being offered in this campaign is STEM-CELLBANKER -GMP Grade (20ml), a premium cell cryopreservation medium designed for GMP-compliant research and applications.

How to Participate

Securing your free sample is easy:

1. Access the Application Form: Click the button below to reach the form.

<https://www.cellbanker.net/cellbanker-cgi/secure/cellbanker/input.php>

2. Fill Out Your Details: Provide basic information about your research and organization.

3. Submit Your Application: Complete and submit the form to request your free sample.

Important

Free samples are available in limited quantities and will be provided on a first-come, first-served basis. This product is for research use only. Free samples are intended for qualified professionals or facilities equipped to handle cell culture reagents. Recipients may be contacted for brief feedback on their experience. "This offer is available in the United States only."
